Both. Moulton has relinquished all claim to any interest whatever in this work, of which Dr. Maye is sole and undisputed proprietor, by "deed" on record.

Washington, May 19, 1856.

My dran sun: I have been pleased to meet with you once more after the layes of so many years; and I desire to avail myself of an early opportunity to add my thanks to those you must have received from many others for your labor and care in the compilation of the laws of the United States relating to pensions and bounty lands, a copy of the stereotype edition of which I have in my possession.

The subject of pensions is one which has been, and still continues to be, of interest to the great American family. The circumstatices under which those for revolutionary services were provided are of a highly interesting character.*

I was never the design of our fathers that the system should be partial, giving to some while it withholds from others equally deserving. Your variangement of the laws, therefore, while it presents in detail the provisions made, is at the same time suggestive of those decicincies and unit-sions which render the system incomplete.

Your work I have bound of mealculate value to me in my position as chairman of the Committee on Revolutionary Pension, for, without it, I should have been adopted to the labor of a close examination of the statutes; and from the frequency of my recurrence to it I have been able to test its merit and appreciate its work.

Lam, my dear sir, most respectfully and truly, yours, Dr. B. Mayo.

Dean sur: I thank you for the very useful volume you have sent me. I have had time only to glance over it, but I' have satisfied myself of its fidelity as well as of its value.

Your supplement contains important additions, and brings the pension history and laws to a late period.

The system has become see extensive that some such compilation was indispensable, and I congratulate all who are obliged to look into the aubject of those laws upon the able execution of your labors.

Dear sin: I have the honor to acknowledge the receipt of your note of the 17th instant, with your own and Mr. Moulton's book of Pension and Bounty Land Laws, for which accept my thanks. In the examination of cases arising under the pension and bounty hand laws, I have had frequent occasion to refer to this work, and have ever found it accurate and complete. As a compilation of the laws upon those subjects, I regard it highly useful both to those administering those laws and the public.

With many wishes for your continued success, I have the honer to be your obedient servant.

Dear siz: I have had very frequent occasion, both in private investigations and in the Committee on Pensions and on Public Lands, to consult your valuable compilation of the Pension and Bounty Land Laws, and have derived great sid from it. Indeed, I regard it as almost indispensable to the intelligent investigation of questions arising under those laws.

The work is deserving of a very liberal patronage; and 1 hope you may be abundantly rewarded for your labor.
